

2009 AOH St. Pat's Day Run

Saturday, 14 March –The AOH Run rarely changes, but one senses extra déjà vu when looking back eleven years to the 1998 AOH Run. That was the last time the race fell on March 14th, and like today, it was successfully directed by longtime race organizer Mark Sweeney. The '98 entry fee was a modest \$10 per entrant, and today's fee is still a bargain at only five dollars more. As usual, runners crammed the aisles of this year's busses headed for the starting lines out west of town on North Cable Road. There were four busses that day and today there were six, but in both cases there were two too few, and again the synchronized race starts were delayed while two busses doubled back to the staging area to pick up additional runners for the 3 mile and 6 mile races. The resulting 30-minute delay gave Mother Nature all the time she needed to play a trick on the runners just before the 11:30 am start time.

A morning breeze out of the west hills tantalized runners with thoughts of fast finish times, and a mild temperature enticed participants to sign up in droves. There were 538 listed finishers, an increase of 183 when compared to last year's total. Mother Nature's trick was that she flipped the wind around from the SE as the race began, and within fifteen minutes she had increased the wind speed until gusts swirled dust down the road.
