

1988 AOH St. Pat's Day Run

Saturday, 12 March – Weathering the storm: AOH run held despite the return of winter. Unseasonably mild temperatures during the prior week gave way to cold weather, snow and a high tail wind for this year's AOH run. The men's six mile doubled as a qualifying event for the Montana's national championship, ekiden (marathon relay) team which will race in New York this summer. Montana's ekiden team will be comprised of the five Montana men who score the most points in a series of spring races in the state. Each of the 50 US states will be represented in the championship ekiden.

Bozeman's Matt Rothermel blows across the snowy finish of the six mile race. His 29:02 clocking lead five other men under 30 minutes; It was the first time in the race's history that the 30 minute barrier had been broken.
