

2010 AOH St. Pat's Day Run

Saturday, 13 March –A Record Day. About 700 registered for the run this year, but nearly 100 of those did not run, most likely due to threats of nasty race-morning weather plus the fact that many traveled to Hamilton to watch the Copperhead girls' basketball team play in the state tournament. Despite the no-shows, the draw set a new record high with a combined total of 592 finishers, and those who did run were treated to Anaconda's legendary tailwind, which has historically gusted in for the race a few times each decade. With a steady quartering tailwind from due west, and with gust up to 8 mps -- four times track & field's established limit for records, but not a problem in Anaconda where tailwinds are appreciated – several race records were set, replacing mostly other wind-assisted marks from the past.

The race was advertised to start at 11 a.m., but didn't actually go off until 11:35. The extra time was used shuttling runners by bus to their respective start lines. Those waiting to start were chilled by the wind and the temperature which hovered just above freezing on the heavily overcast morning. In a noted first, race officials supplied one port-a-potty at the start of each race, a feature undoubtedly appreciated by those living nearby.
