

2013 AOH St. Pat's Day Run

Saturday, 9 March – A sunny day with a strong tailwind spawned a near-record total of 611 listed finishers in this year's AOH races. The current record of 660 was set in 2011. Again as last year, there were ten busses on site to haul runners to the start, and each bus was jammed beyond its stated capacity. The races were advertised to start at 11 a.m., and that is exactly when they went off. In fact, all aspects of race organization were nearly flawless, including Mother Nature's part which was to provide roads clear of snow, a race-time temperature a few degrees above freezing, and a strong tail wind.

In the men's three mile race, two former Butte High runners Clint Choquette and Josh Panasuk, who are both now members of the MSU-Billings track team, took an immediate lead and were never challenged from behind. They ran stride for stride through an even paced opening mile on a downhill in 4:39 before Choquette started to pull away from Panasuk, and they stayed in that order through the finish, Choquette winning in 14:22. making it the second consecutive year that Panasuk had finished second in the race to one of the Choquette brothers. Panasuk's finish time was 14:46.

Last year it was Matt Choquette who won the 3-mile, but this year he chose to race the 6-mile instead, which he won by more than 2 minutes in 31:39. Brian Johnson of Helena placed second in 33:46. Matt Choquette ran 10 miles before the start of his race, and then he continued on running, after finishing the race, to record a 20+ mile training day in preparation for this April's Boston Marathon.

In the women's 6-mile, two Butte runners had a close race to the finish line, with Allison Moon (41:23) finishing nine seconds ahead of Charissa Bisch.

The women's 3-mile featured the second and third fastest finish times ever run on the course, with Nicole Hunt of Deer Lodge finishing in 16:32, followed by a former Anaconda, Lisa Minnehan, in 16:53. Hunt also placed fourth among the male competitors, one slot behind her husband Ray.
