

Wulfman's CDT-14K Women's Premium Finish Time

1:04:59 or faster!

Valid for even and odd numbered years -- that is to say both directions on the race course. The fastest female finisher who also completes the course faster than 65 minutes will win a premium time cash bonus.

The women's premium time is our estimation of equivalency to the men's prem' time which is sub-56 min (less than 4 min/km).

We ascertained the women's standard by averaging the percent difference among the eleven men's and women's times in the table below, and then by multiplying that factor (116.2%) by the men's prem' time, resulting in 65:04, a time then rounded to 65 minutes.
