

## 21<sup>st</sup> Annual American Legion Veterans' Day Race

**Tuesday, 11 Nov 1958 at Legion Hall in Uptown Butte -- Butte High Retires Pachico Cup**

Dr. V.O. Ungherini was the Legion's attending physician, and he gave all race contestants passing marks in their pre-race medical examinations.

The Montana Standard estimated that more than 300 people were on hand to watch the race start, and that the number of spectators had swelled to more than 500 by the time the runners looped the course.

Of the 43 who started the race (31 from Butte High plus 12 from Central), the Standard reported "Only six of the entries failed to go the full distance and only one of those dropping-out was in need of transportation back to the start point. Following a medical examination the contestants were all reported to be in excellent condition."

Runners were paced by police lieutenant George Stanich. Another police car followed the runners, and several other police vehicles were dispatched to control traffic at street intersections along the route. Butte Fire Department Chief Jack McCarthy and Assistant Chief William Duffy also stood by with emergency equipment.

Butte High's Geoffrey Chance won his second consecutive Vets' Day Race with a finish time of 16:25, leading his Bulldog team to a winning total of 13 out of 21 possible team points. Additionally, Butte High took permanent possession of the large golden Jack Pachico Memorial Cup with an 11-year grand total score of 132 to 99. Pachico won this race in 1935 and was later killed in action in World War II in 1944.

**Team Scores:** Butte High, 13; Butte Central, 8.
